

# How can I integrate LED technology into my lighting applications?

Are you asking yourself this question or are you ready to jump into LED technology?

Anglia Lighting's in-house design capability can assist you throughout the entire project development process, from selecting the LEDs to matching them with drive circuitry, thermal management and secondary optics, through to PCB layout and production.

Whether it's providing support or offering a broad range of products we can help every step of the way. Call us on **01945 47 36 22** or email **info@anglia-lighting.com**
