

SELF-ADHESIVE BASES

Two sizes of self-adhesive bases, made from UL94V-2 flame retardant Nylon 6/6, in natural colour and black to match the cable ties (up to 5mm wide) shown on the previous pages. The larger base has a 5mm central hole to permit screw fixing when required. Both sizes allow ties to be threaded from all four sides.

- ◆ Self-adhesive mounting with optional screw fixing on the larger base
- ◆ Flame retardant Nylon
- ◆ Suit and match the cable tie range
- ◆ Will accommodate ties up to 5mm wide
- ◆ Choice of colour & size
