

A wide range of moulded pcb supports, spacers and fastening products made from Nylon 6/6, flame retardant to UL94V-2*. The supports cover rapid fit, self-adhesive and screw mounted types, suitable for snap locking/fitting into 1.6mm boards. The screw mounted spacers provide an option of threaded or plain tubular. The fasteners include two styles of rivet, a door latch and M3/M4 screws, nuts & washers. A choice of length is available throughout the entire range.

Specification

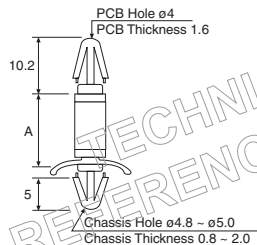

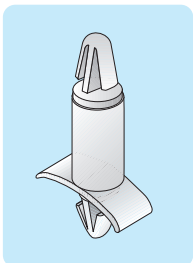

Material Nylon 6/6
 flame retardant to UL94V-2
 *Nylon 6/6, POM (door latch)
 flame retardant to UL94HB
 Self-adhesive base 3M tape
 Operating temperature range -40°C to + 85°C

- ◆ Flame retardant Nylon
- ◆ Colour natural or black
- ◆ Supports cover rapid fit, self-adhesive and screw mounted parts for 1.6mm boards
- ◆ 3M tape employed on the self-adhesive bases
- ◆ Spacers available threaded or plain tubular
- ◆ Fasteners include rivets, a door latch and M3/M4 screws, nuts & washers
- ◆ Choice of length throughout

PCB SUPPORTS – double-ended snaps

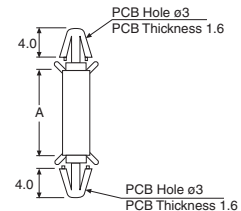

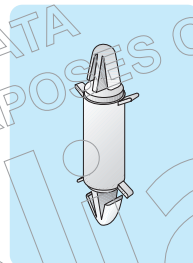

For rapid, hand assembly without the need for tools. Some types have releasable barbs for board removal. Natural colour throughout.

Snap locking both ends. Chassis flange provides extra rigidity.

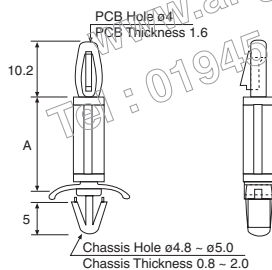

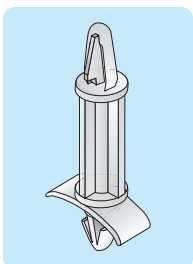

Length 'A' (mm)	Manf. Part No.	anglia Order Code
5.0	10L050	475100
6.4	10L064	475101
8.0	10L080	475102
10.0	10L100	475103
12.7	10L127	475104
15.9	10L150	475105

Miniature size. Snap locking both ends.

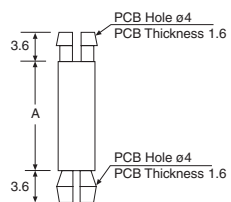

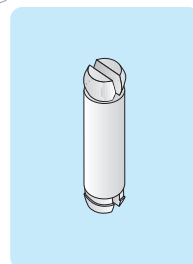

Length 'A' (mm)	Manf. Part No.	anglia Order Code
6.4	10L064M	475160
8.0	10L080M	475161
10.0	10L100M	475162
12.7	10L127M	475163

Snap locking/releasable barb. Chassis flange provides extra rigidity.
