Avago Technologies Statement on Conflict Free Minerals

Avago Technologies is committed to eradicate atrocities in the Eastern Region of the Democratic Republic of the Congo (DRC); Avago Technologies will be compliant with any legislations and regulations concerning the sourcing of following metals from conflict areas – Tantalum, Tungsten, Tin and Gold.

Avago Technologies expects our suppliers to comply with the Electronic Industry Code of Conduct and to only source materials from environmentally and socially responsible suppliers.

Avago Technologies will continue to work with our suppliers to verify that they and their suppliers use DRC conflict free minerals. However, due to the complexities of the metals supply chain, Avago Technologies will based on best effort to trace and map our supply chain for the specific metals.

Avago Technologies will support any initiatives that requires application of stringent practices to increase transparency to put a stop to illicit trade.
