Model H-46 Turns-Counting Dial Production Relocation

In line with our commitment to provide our customers with value, Sensors & Controls Product Group is announcing the production relocation of our [Model H-46 Turns-Counting Dial](#). Model H-46 continues to be one of our most popular Turns-Counting Dials.

Incorporated in the production relocation is new tooling and a new production line. As a result, the Model H-46 from our China plant will have an enhanced look with more legible characters. Please reference the attached photos below to see the old vs. new styles.

Old Style H-46

New Style H-46

Production in China will begin the week of September 1, 2008. Date codes beginning 0836 will ship from the new plant. There are no changes to form, fit, function or price of this product.

As a reminder, our [Model H-550 Turns-Counting Dial](#) will be ceasing production in December, 2008. Model H-46 is a suitable alternative to the H-550.

Some dates to remember for phase out of the H-550:

- *The deadline for accepting final orders will be September 26, 2008.*
- *All shipments will be made by no later than December 15, 2008.*

Final order may not be scheduled out.

Please feel free to contact me if you have any questions regarding this notice.

Best regards,
Bob Holmes
