

## Product/Process Change Notice - PCN 22\_0014 Rev. A

Analog Devices, Inc. One Analog Way, Wilmington, MA 01887

This notice is to inform you of a change that will be made to certain ADI products (see Appendix A) that you may have purchased in the last 2 years. **Any inquiries or requests with this PCN (additional data or samples) must be sent to ADI within 30 days of publication date.** ADI contact information is listed below.

*Note: Revised fields are indicated by a red field name. See Appendix B for revision history.*

**PCN Title:** Final Packaging Changes for TO-92, TO-5 and TO-46

**Publication Date:** 06-Mar-2022

**Effectivity Date:** 28-Mar-2022 *(the earliest date that a customer could expect to receive changed material)*

**Revision Description:**

Removing TR parts

**Description Of Change:**

Proposal to change the final packaging of discrete packages(TO-92, TO-5, and TO-46).

TO-5 and TO-46 currently being packed in trays and bulk at AD SG(Analog Devices Singapore previously LTC) will be changed to align with existing final packaging at ADGT(Analog Devices Philippines). TO-92 bulk allocation will also be aligned with existing bulk packaging at ADGT(Analog Devices Philippines).

**Reason For Change:**

ADGT has no capability to support the existing final packaging at AD SG.

**Impact of the change (positive or negative) on fit, form, function & reliability:**

No fit, form, function and reliability impact on these devices, this is purely final packaging change.

**Product Identification** *(this section will describe how to identify the changed material)*

See attachment for the summary of change.

**Summary of Supporting Information:**

Changes on the final packaging and standardization to ADI final pack procedures are a result of material/tool and design obsolescence. Qualification summary for ADGT standardization to follow.

**Supporting Documents**

**Attachment 1: Type:** Other
