SDP600/SDP800 series cap / Material Number 1-101108-1

Reason for Change: Design Production Capacity Logistics Manufacturing Location Quality/Reliability Upgrade**Change Description:**

In Q1 2022, Sensirion informed about the production line relocation from Sensirion Stäfa (Switzerland) to Sensirion Debrecen (Hungary). For details on the transfer, please refer to our Infoletter 214401.

In the context of this transfer, we inform you that the SDP600/SDP800 series caps will also be shipped from Debrecen, Hungary, in the future.

No changes will be made to the cap as part of the transfer. It will continue to be manufactured in Germany by the same supplier as before. Therefore, the country of origin will not change (Germany). In future, this supplier will deliver the goods directly to the Sensirion production site in Debrecen. From there, it will be shipped to our customers as usual.

Identification Method to Distinguish Change:

Not applicable

Qualification Data: available will be available in not applicable**Samples:** available will be available in not applicable**Quantifiable Impact on Quality & Reliability:**

- The parts and materials are not affected by the transfer, so there is no impact of reliability. The quality is guaranteed by same process procedure as used until now.

Conditions and Logistics**Customers within the EU:**

Sensirion AG in Switzerland remains your contractual partner. Debrecen (HU) is a pure production site. Therefore, no deliveries to companies in Hungary are possible. Shipments to the EU (except Hungary) are possible.

For legal regulations connected to VAT rules, Incoterms will change from FCA, Stäfa (CH) to DAP, your location within the EU. The logistics costs will be charged separately from the product price.

Customers outside of the EU/ Rest of World:

Sensirion AG in Switzerland remains your contractual partner. Debrecen (HU) is a pure production site.

Incoterms will change from FCA, Stäfa (CH) to FCA, Debrecen (HU).

Estimated Implementation Date*: With immediate effect

** The Estimated Implementation Date is the forecasted date that a customer may expect to receive changed product. This may be affected by fluctuations in supply and demand.*

Sensirion Contact: Your existing contacts remain in charge, no change of contacts in connection with the production transfer.
