

5th May 2017

Dear Customer,

Anglia has been informed by the supplier EPOC that there has been a change to the material from liquid epoxy resin to powder epoxy coating resulting in a colour change from blue to dark red, please see below images.

There will be no impact on the form, fit or function of the parts and no approval changes. Anglia operates a strict F.I.F.O system in our Distribution Centre therefore it may take some time for this change to filter through to customer deliveries.

Please ensure this information is circulated to the relevant persons within your organisation.

Yours Sincerely
Anglia
