

Date of issue: 26th February 2014

Change Notification Number: 1225

Change Title: Product range update

Affected Products:

UL94-V2 material:

CTSN431/12, CTSN431/12W, CTSN431/12R, CTSN431/12WR

UL94-V0 material:

CTSN531/12, CTSN531/12W, CTSN531/12R, CTSN531/12WR

UL94-V0 GF material:

CTSN631/12, CTSN631/12W, CTSN631/12R, CTSN631/12WR

(and smaller pole sizes derived from these)

Description:

Due to a tooling upgrade the above mentioned products will feature:

1. Guided wire entries - moulding fits the shape of the metal inserts preventing wires from straying outside the inserts.

2. A higher purity polyamide will be used. This has a more transparent look and will result in no sharp edges
3. Minor dimensional changes:

4. CTSN631 only – maximum temperature is to be reduced from 180°C to 160°C

Please refer to the attached latest datasheet for full details.
