

Product/Process Change Notice - PCN 12_0172 Rev. -

Analog Devices, Inc. Three Technology Way Norwood, Massachusetts 02062-9106

This notice is to inform you of a change that will be made to certain ADI products (see Material Report). Any issues with this PCN or requirements to qualify the change (additional data or samples) must be sent to ADI within 30 days of publication date. ADI contact information is listed below.

PCN Title: ADP198 Data Sheet Changes

Publication Date: 12-Jul-2012

Effectivity Date: 12-Jul-2012 *(the earliest date that a customer could expect to receive changed material)*

Revision Description:

Initial Release

Description Of Change

Update Table 1, Electrical Specifications per attached spreadsheet.

Reason For Change

The rise time was left out of the original release of the Data Sheet. Adding the rise time specification more completely describes the turn on characteristic of the device.

The LFCSP Turn On Delay values were incorrect, they were the sum of the rise time and delay time.

Impact of the change (positive or negative) on fit, form, function & reliability

There is no change to the product design, therefore no impact on the fit, form, function and reliability of the device.

Summary of Supporting Information

Changes will be reflected in Rev E of ADP198 data sheet.
