Description and Extent of Change:

Below is the design comparison of the current and new tube.

Reasons for Change:

Improvement on the dimension of the tube, which provides better fit for the unit inside the tube. This is to avoid units stuck inside the tube.

Effect of Change on Fit, Form, Function, Quality, or Reliability:

The change is limited to the tube design and dimension only. There is no change in the material of the tube. There is no change in the fit, form and function of the device.

Effective Date of Change:

Avago will begin to ship parts with new tube effective 10 Jan 2013 onwards. The affected product datasheets will be revised and uploaded into Avago website by 10 January 2013.

Qualification Data:

Qualification data not applicable.

These changes have been reviewed and approved by Avago Technologies engineers and managers per Avago Technologies procedure: Change Control and Customer Notification, A-5962-6052-80, 5957-0258-80 and 971-5507-82.

Please contact your Avago Technologies field sales engineer or Contact Center (<http://www.avagotech.com/contact/>) for any questions or support requirements. Please return any response as soon as possible, but not to exceed 30 days.
