	SP14N01L6VLC A	SP14N01L6VLCZ	

2. Reasons of Change

In order to improve the production efficiency and ensure continuity of supporting our STN modules, the qualified front end process supplier will be sourced.

3. Impact on Product Specification

The new product is fully compatible with old one. All specifications will remain unchanged.

This change will not influence any product characteristics specified in CAS.

4. Schedule

We will plan to implement by running-change from Jun. 2014 onward, and the accurate LOT No. will be notified later. There is a possibility of mixed shipment with current and new components during initial stage of this change.

Please let us know if this change causes any problem to you.
Thank you for your understanding.
