

PRODUCT CHANGE NOTIFICATION

SURGE PROTECTIVE DEVICES

Bourns® 1220 Series UL 1449 Surge Protection Device (SPD)

Type Upgrade

Riverside, California – June 16, 2026 – In the spirit of continuous improvement and product enhancement, effective September 1, 2026, Bourns will update the 1220 Series UL 1449 Surge Protection Device (SPD) category rating from Type 2CA to Type 1CA. A list of affected part numbers is included below.

Affected Part Numbers

1220-10-I2-120M1	1220-20-I4-120M3	1220-20-I5-120M4
1220-10-I2-277M1	1220-20-I4-230M3	1220-20-I5-230M4
1220-10-I2-400M1	1220-20-I4-277M3	1220-20-I5-277M4
1220-10-I1-480M1	1220-20-I4-400M3	
1220-10-I1-600M1	1220-20-I4-480M3	
	1220-20-I3-600M3	

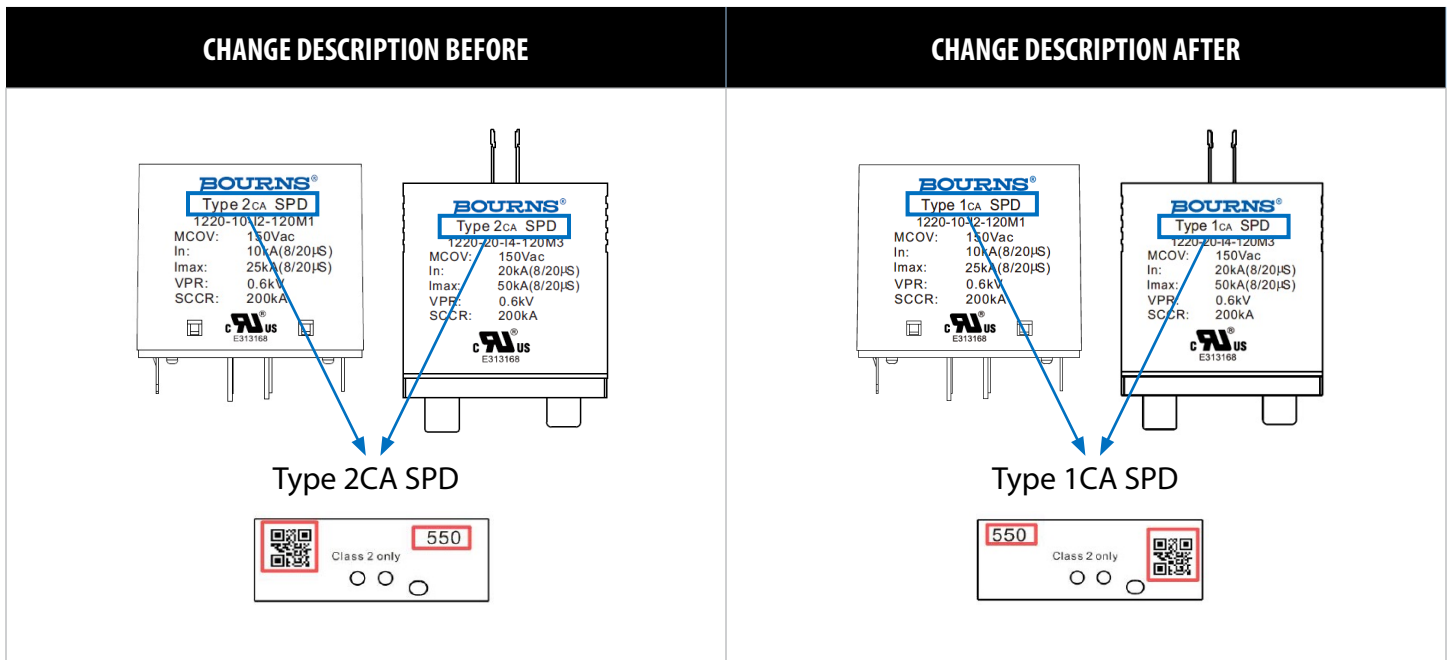

This upgrade reflects the successful completion of re-qualification testing in accordance with UL 1449 5th ED., resulting in improved installation flexibility and broader application coverage. The new Type 1CA rating allows installation on the line side of the service disconnect (before the main breaker), in addition to all previous Type 2CA installation locations.

This change to UL 1449 SPD Type will affect the product's form. The printed marking on the module of the affected part numbers will change from "Type 2CA" to "Type 1CA". To improve readability, the position of the markings printed on the top of the casing has been adjusted. The fit, function, quality, and reliability of the affected part numbers will remain unchanged. Traceability will be maintained through lot code and date code.
