

INVAC Product Change Notification

PCN Number	PCNINV2546
Publication Date	13/11/2025
Effectivity Date	Immediate
Change Summary	Lead length change

Dear Customer,

Anglia have been advised by manufacturer INVAC, that the lead lengths on all Wxx bridge rectifiers will now be supplied at 21mm minimum length, currently the lead lengths are 25.4mm minimum length.

The change has been implemented to streamline the production process to produce one standard lead length for all customers.

INVAC Part Numbers	
W005	W06
W01	W08
W02	W10
W04	

The electrical specification will not be affected. The new data sheet is attached for reference.

The changes apply with immediate effect to shipments from the manufacturer INVAC to Anglia.

Anglia operates a strict FIFO system in our Distribution Centre facility; therefore, it may take time for this change to filter through to customer deliveries of the part number(s).

Please make the relevant person(s) in your organisation aware of this change.

Yours sincerely

Anglia
