Product Change Notice (PCN)

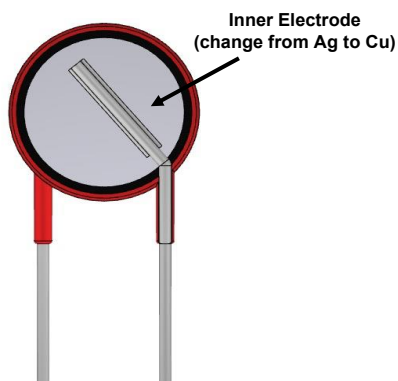

September 2nd, 2025

LFPCN# 41557

Product Change Notification for HMOV, UltraMOV, LA, ZA and C-III Series Radial Leaded Varistors – Inner Electrode Change

To whom it may concern,

Littelfuse would like to notify you of a change related to HMOV (silicone coated), UltraMOV (epoxy & phenolic coated), LA (phenolic coated), ZA (phenolic coated), C-III (phenolic coated) series radial leaded varistors' inner electrode as shown in below picture.

This change has no impact to product's original electrical parameters, dimensions, quality, reliability and part numbers. New product samples and qualification test report are available upon request.

This change will be implemented starting from November 17th, 2025. During the change transition period, customers are expected to receive current and new products until current product inventory in Littelfuse warehouses and distribution channels are depleted.

Please see attached the affected part number list and respond to us by October 9th, 2025 to acknowledge this product change notification. If we do not hear from you, we will expect this product change notification has been accepted and no further action is required.

Best Regards,
Amy Chu
Global Product Manager
Littelfuse, Inc.
