**PCN # ESW490-67 – Alternative DCB Supplier for I4PAC Package**

To our valued customers,

To enhance supply chain resilience and ensure uninterrupted business operations, Littelfuse would like to inform you that we have completed the qualification process for an alternative DCB (Direct Copper Bonded) supplier for the Power Discrete I4Pac products.

**Package type:** Isoplus I4Pac

The affected parts have been fully qualified in accordance with established performance and reliability criteria. Please be advised that this change does not impact the fit, form, or function of the final products. Product quality and performance remain consistent and fully compliant with existing specifications.

Please see the attached documentation for qualification results and affected part numbers.

<b>Form, fit, function changes</b>	: None
<b>Part number changes</b>	: None
<b>Effective date</b>	: April 16 <sup>th</sup> , 2026
<b>Replacement products</b>	: N/A
<b>Last time buy</b>	: N/A

This notification is for your information and acknowledgement. If you require specific data or product samples to certify this change, please contact Littelfuse within 90 days of the notification date.

If you have any other questions or concerns, please contact your local sales team or Salvador Cortez, Product Marketing Engineer, for support with Power Discrete Bipolar.

We value your business and look forward to assisting you whenever possible.

Thank you very much!

Best Regards,

Salvador M. Cortez Jr.
