Product /Process Change Notification

PCN-20260187

Effective date: Nov. 1st, 2026

Subject:

LITEON would like to introduce an additional manufacturing site for SMD ChipLED product families in Thailand.

Description of change:

In line with strategic growth, LITEON Technology Corporation has added an additional site (LITEON Thailand) to expand SMD capacity for improvement in manufacturing efficiency and delivery performance since 2020. There are no differences in materials used as compared to those of the currently approved LITEON SMD production line. With existing Tianjin factory and the additional Thailand factory, LITEON will continue to ensure better product quality, lead-time and delivery schedule to our customers.

Classification of change:

Production line expansion.

Expected influence on quality/ reliability/ performance:

LITEON remains same materials in Tianjin and Thailand site.

No effect on product quality and performance.

Affected part numbers/ series/ families:

- LTST / LTW S270 series
- LTST / LTW S271 series
- LTST / LTW S272 series
- LTST / LTW S273 series
- LTST-C19H series

Effective Date of Change:

The shipment delivery from Thailand factory will start from Nov. 1st, 2026.
