4M Change Notice

CR batteries

Dear. Valued Customer

Thank you very much for your great and continued support for business with Murata.
This is the official notification that some of our products' 4M Change will be proceeded as detailed below.
Please review this, and confirm that you will expect to receive products after this 4M Change.
Your understanding and support are highly appreciated.

1. Product Type, Changes, and Customer/Murata/Alternative Part Numbers:

Product Type: CR batteries

Please refer to "Part Number List" for detailed Part Numbers' information.

Changes: Descriptions on master cartons and on blister packages

please kindly refer to "Changes in compliance with laws and regulations_2025".

2. Reasons/Background:

Due to the design change of the battery mark under the UN Model Regulations and IATA DGR, the battery mark displayed on Murata product cartons will also be updated. In addition, to demonstrate compliance with the EU Battery Regulation, the display of the CE mark and other markings will be revised.

The EU Battery Regulation requires CE marking when products are placed on the market within the EU. Murata's tab and bulk models are sold as parts, and particularly the tab models are clearly identifiable as such. Therefore, CE marking has not been applied to the cartons of the tab models until now. However, with this change, CE marking will now be applied to the tab model cartons.

Please note that the tab models will continue to be treated as components.

3. Products Before and After the Change:

There will be no change in battery specifications.

4. Change Schedule:

First shipment with above changes: From early November 2025 onward

We will ship the replacement items as soon as the current carton stock is exhausted.

5. Contact Window:

Should you have any questions or concerns,
please contact Murata Sales, Representative, or Distributor in your area.

6. Request regarding information handling

We kindly request that the information provided by us not be disclosed or shared with any other third parties, including data base providers.

Truly Yours. Thank you.
