Notification of Production Site Change

Dear Valued Customer,

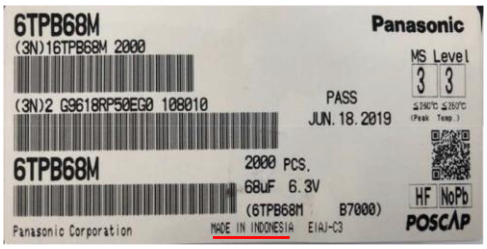

We extend our sincere gratitude for your continued support of Panasonic. Your loyalty and dedication to Panasonic products have been vital to us.

After thorough consideration and evaluation, we would like to inform you that the production of a few parts of Conductive Polymer Tantalum Solid Capacitors (POSCAP) will be changed to be produced both in Japan and Indonesia. We assure you that the specifications of the products will remain consistent.

We understand that this decision may cause inconvenience, and we apologize for any disruption it may bring to your operations. Our team is committed to minimizing any potential impact and assisting you throughout this transition.

Below are the details of the affected products:
