Dear ANGLIA COMPONENTS

Notice of “Country of Origin labeling change”

We appreciated your continued patronage and interest in Panasonic’s Products.
This is Notice of “Country of Origin labeling change” as below.

In regards to **ZNR (METAL OXIDE VARISTORS/MOV)**, The Country of Origin labeling has been **“Made in Indonesia”** from the view point that final process including Inspection is implemented in PID-BT Plant, Indonesia.

However, we decided to change the Country of Origin labeling to **“Made in Japan”** according to the review of past decision based on recently rule. This change is about only the labeling and there is no change in production process, product characteristics, and materials.

【Detail】

About this Notice	**Country of Origin labeling change** **【Before】Made in Indonesia ⇒ 【After】Made in Japan**
	*There is No change in production process, product characteristics, and materials
Affected Models	ZNR (METAL OXIDE VARISTORS) P/N: ERZV********、ERZE*******
Effective date	From Oct/2026（sequentially）

■If you need to revise or exchange delivery specifications regarding this matter, please contact us.

■If there are no further inquiries, we will assume that you have agreed to the above.
