

Product change notification (PCN)

Title / short description	Change of material specification
Affected article category	Terminal blocks
Change category	Material
Change number	CBE240063-00
Reason for PCN/PDN Revision	

Purpose/objective of the change

Change of the material composition

Detailed description of the change

Phoenix Contact is continuously improving the products and processes in the production chain. For the following items, the material specifications will change from PA 6.6 V2 to PA 6.6 V0, which will improve the fire protection behavior of the items. However, the material change has no effect on the function of the items; all approvals as well as RoHS and WEE conformity are still fulfilled. The OLD and NEW versions can be freely combined.
