

## INFORMATION NOTE

### Generic Announcement

**IN#2607001**

• DATE: 24<sup>th</sup> July, 2026

#### **Subject: Additional Information in Label QR Code**

• **Change Category:**

- ☐ **Material**
☐ **Process**
☐ **Data sheet / Specification**  
☐ **Reliability**  
☒ **Others ( Label Information Update - QR Code Content )**

• **Description of Change Purpose or Reason:**

PANJIT International Inc. is committed to ensuring compliance with European Union regulations. In response to the EU PPWR (Packaging and Packaging Waste Regulation), and to ensure that all products shipped to the EU market comply with the latest applicable local legal requirements and to support trade compliance, PANJIT will add manufacturer information to the QR code content on the label for all products.

According to the provisions of the EU Packaging and Packaging Waste Regulation (PPWR, Regulation (EU) 2025/40), effective August 12, 2026, packaging placed on the EU market must provide clear and traceable manufacturer information.

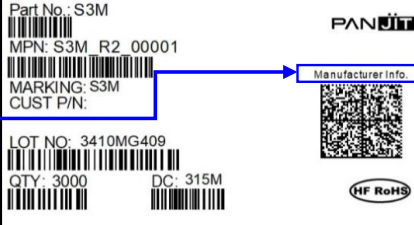

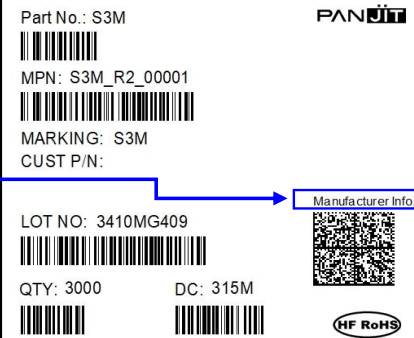

The following minimum regulatory information will be added to the QR code content on the label:

1. Company Name
2. Company Contact Address
3. Contact Email

To assist your esteemed company in navigating the EU PPWR regulations and to ensure smooth customs clearance and market availability in the EU, we kindly remind you to review whether the final delivery packaging meets the applicable traceability requirements upon receiving this notice.

Please rest assured that all original factory packaging shipped from PANJIT fully complies with the required statutory information. Should you have any customized labeling requirements or regulatory inquiries, please feel free to contact your sales representative at any time.

• **Change Information: The Example is Shown Below.**

| Comparison                         | From (Current)                                                                                                                                                                                           | Label Items                        | Change to (New)                                                                                                                                                                                            |
