

# Product Change Notice

**To:** All concerned

**From:** Antonio Beasain

**Date:** 31/05/2010

**Nº Pages:** 2

**PCN Ref Nº:** PT series new marking

---

We would like to inform you about the following change to the listed products. Affected parts, images, drawing and/or specification numbers are listed on this document. In case of any further questions about this change, please contact us for further information.

**INVOLVED ARTICLES:** PT-10, PTC-10, PX10, PT-15, PTC-15, SM-10, SMC-10, SM-15, SMC-15

**KEY CHARACTERISTICS OF THE CHANGE:** white ink removal from markaging (see attached images). Now the markaging is done by impact.

**REASONS FOR CHANGE:** Environmental concern (less power consumption in the process, & ink removal)

---

**SAMPLES AVAILABILITY DATE:** immediately for one model per family:

PT-10H, PT-10V, PT-15H, PT-15V, PT-15V18, PTC-10H, PTC-10V, PTC-15H, PTC-15V, PTC-15V18

**FIRST DATE TO SHIP CHANGED PARTS:** 30/08/2010

**LAST DATE FOR MIXED SHIPMENTS:** till remaining stocks for old parts are finished

---

## Frequently asked questions:

1. Is the replacement part terminal plating different than the old part.: **No**
2. Are there any internal changes between the old part and the replacement part, other than the terminal plating? Please specify. **No, it only affects to the external marking of the part**
3. Is the replacement part backward compatible with the old part, can they be used in lead soldering process? **Yes**
4. Are there any plastic elements in the part and if so confirm the there is no DecaBDE used in the product(s)? **This change does not affect to the plastic materials**
