

Product change notification (PCN)

Title / short description	Parallel production of the FDX20 splice box in China
Affected article category	Connectors
Change category	Production location
Change number	PAB180011-00
Reason for PCN/PDN Revision	

Purpose/objective of the change

Since their introduction in 2018, the FO splice boxes of the FDX20 series for the DIN rail have been very successful internationally. Due to growing demand and limited production capacity at our Blomberg site, another production location in Nanjing has been qualified and approved for the products in the item list.

Detailed description of the change

In future, customers from the following countries who order the splice boxes from the attached item list shall be supplied directly from Nanjing: Singapore, Korea, Malaysia, Thailand, Indonesia, Taiwan, Japan, Australia, New Zealand, and India. We ask that our subsidiaries please take this into consideration for such orders. In future, the changes to the items will apply to both production locations, so the high quality of the items can be ensured in the long term, regardless of the location.

Identifying characteristics

"China" will appear as the production location on the item labels.

Start of Production (SOP)	-	Last Time Delivery (LTD)	-
Effective date (EOP)	2019-11-01	End of Service (EOSR)	-
End of Sales (EOS)	-		

Short-term change (< 6 months) or discontinuation (< 12 months), due to:

- | | | |
|---|---|--|
| <input type="checkbox"/> Software / Firmware Bugfix | <input type="checkbox"/> Short-term delivery stop by supplier | <input type="checkbox"/> Short-term recall by supplier |
| <input type="checkbox"/> Force majeure | <input type="checkbox"/> Product improvement with customer benefits | |
| <input checked="" type="checkbox"/> Others | | |

We were able to approve the production location back in November 2019. The subsidiaries are now being informed again centrally via this PCN.
