Dear Angela

Re: Murata PCN Ref No PNIDB282
(Production Point Change of MHz Range Lead type for FM Filter and Discriminator)

I have been informed by our factory that the production point of MHz range Lead type for FM Filter and Discriminator will be transferred from Murata Japan factory to Murata China factory due to the condition of Japan factory in order to maintain our business with you and improve the situation.

Lead Type Filters:
SFELF/SFELH/SFELK/SFELG/SFELL/SFELM/SFELD/SFELE/SFELJ/

Lead Type Discriminators:
SFELA/SFELB/SFELC/SFKLF/SFVLF/TPALF/KMFCF/SFKLA/SFVLA/TPALA/KMFC
CDALA/CDALF

To comply with Murata Electronics (UK) Ltd's BS9001:2000 and TS16949 accreditation we have to ensure that we have proof of notifying affected customers of such information and I would be grateful if you could sign and return this letter so that we have such proof on our records.

If there are any problems with regard to signing this letter please give me a call on our main office number detailed below.

Best regards,

Aya Tonooka
Marketing Manager
