

05 August 2008

Dear Customer

We have been informed by Harting of a specification change to the following RJ Push Pull Connectors.

Regardless of what the catalogues, drawings and assembly instructions may say for the following part numbers the cable diameter range that can be accommodated is restricted to **5.8 to 7.2 mm**.

(Catalogues claims 6.5 to 8.6 mm, the drawing for a 0945 145 1500/10 shows 6.5 to 7.2 mm and the assembly instructions for 0945 145 1500 states 5.8 to 7.2 mm)

0945-145-1100
0945-145-1500/1510
0946-145-4400
0946-145-3410
0957-402-0500/0501

All publicity material is to be corrected.

Yours Sincerely

Anglia
