Initial Release

### Description Of Change

ADI is transferring to qualified subcontractor Amkor Philippines for the assembly of select 7x7 TQFP products. ADI qualified Amkor's standard bill of materials(BOM). The bill of materials, package outline dimensions and wire sizes of each product will be maintained.

### Reason For Change

ADI's assembly subcontractors manufacture products using Analog Devices specified manufacturing flows, materials, process controls and monitors, ensuring the same level of quality and reliability.

### Impact of the change (positive or negative) on fit, form, function & reliability

The transfer will have no impact on the form, fit, function and reliability of the devices.

### Product Identification *(this section will describe how to identify the changed material)*

The parts that will be assembled after the transfer will be identified by assembly lot number and the country of origin.
