

Product Change Notification

TRIMPOT® TRIMMING POTENTIOMETERS

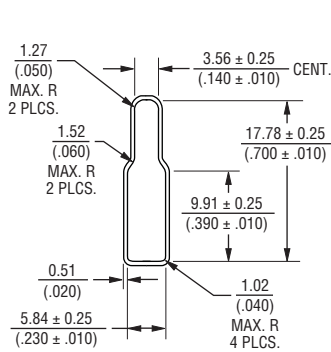

September, 2014

Model 3009 Trimpot® Trimming Potentiometer

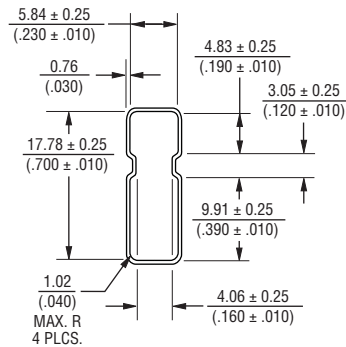

Packaging Improvement

Bourns Trimpot Product Line announces a new design layout for the tube packaging of the Bourns® Model 3009 Trimpot® Trimming Potentiometer. This improved design provides a more secure fit for the product and increased stability in the shipping and handling process. The only change for this model is to the packaging design. The form, fit and function of the component is not affected. See Table 1 for a list of the part numbers affected by the packaging improvement.

Model 3009 Packaging

Current Design

Improved Design

Implementation dates are as follows:

*Bourns will begin phasing in this process: **November, 2014***

*First date code using the above changes: **444T0***

*Date that existing packaging will begin phasing out: **October 31, 2014***

*Date that deliveries of modified packaging will begin: **November 1, 2014***

Should you have any questions or need additional information, please feel free to contact [Bourns Customer Service/Inside Sales](#).
