Description of change:	Gemalto M2M would like to inform our customer about the new Radio Equipment Directive (RED) 2014/53/EU which needs to be fulfilled by 13 June 2017. GTO M2M need to update existing product portfolio to this new Directive. Please note that the additional number at the CE mark on the module shielding and on the CE mark on the packaging will disappear. Example old: Example new: CE 0682 CE For interims time modules with additional number and modules without additional number at CE mark are possible. Please note that the customer should start already approval according new Radio Equipment Directive (RED) 2014/53/EU and assure completion until **13 June 2017** for products bringing to the market after that date. GTO recommends partner Test Houses in case of questions or smart migration. Further details on RED and contact to partner Test Houses can be found under: Extranet "…/z_Approval_REACH_RoHS_ConflictMineral/RED/"
Scheduled date of introduction (cw/year):	Relevant approval documentation will be provided after this migration is completed with target date April 2017.
Timing note:	Completion to this directive is needed until 13 June 2017

Quality assurance measurements:	The new version fulfils all internal test requirements according to our Quality Management process and philosophy.
