Description of change:	<p>Due to the end of life of a key component and to secure the supply of the above products, Gemalto M2M GmbH is going to introduce a second source of the memory.</p> <p>The second source memory is mechanically and electrically compatible to the current memory.</p> <p>The modification has no impact on existing approvals and module specifications and therefore the ordering code will not be changed.</p>
Scheduled date of introduction (cw/year):	Introduction in factory is scheduled for Nov 2017.
Timing note:	If Gemalto M2M GmbH does not receive a notification to the contrary within a period of 6 weeks, Gemalto M2M GmbH assumes that the customer agrees to the change.

Quality assurance measurements:	<p>The new version fulfills all internal test requirements according to our Quality Management process and philosophy.</p> <p>The second source memory is already known, qualified and used in other modules.</p>
