Description of change:	<p>This is an update for PCN00572 regarding PLS8 Note that PLS8-E, L30960N3400A400, was added to the list</p> <p>Gemalto investigations have shown that worldwide boom in logistics is apparently also impacting the quality of deliveries. Resulting in findings with some of our products that were damaged on their way to the customer.</p> <p>To reduce the risk of module damages during shipping/ handling Gemalto wants to change the before intermediate action for PLS8 into a permanent change.</p> <p>Hence Gemalto reduces the number of modules per reel from 500pcs. to 400pcs.</p> <p>This change impacts only the packaging process and introduces more robust tape material and cartons in one factory, ie. the modules themselves will NOT change.</p> <p>Given this change the minimum order quantity of said products changes from 1.000 pcs. to 800 pcs. customers are kindly asked to adjust order volumes to this granularity.</p>
Scheduled date of introduction (cw/year):	CW40/2018
Timing note:	If Gemalto M2M GmbH does not receive a notification to the contrary within a period of 6 weeks, Gemalto M2M GmbH assumes that the customer agrees to the change.

Quality assurance measurements:	This temporary preventive action fulfills internal test requirements according to our Quality Management process and philosophy.
