Description of the Change

Cree is making a change to use a new cover tape for the LED series listed in Table 1. The cover tape dimensions have not changed. The current and new cover tape appearance differences are shown below:

Current cover tape appearance:

New cover tape appearance:

Reason for the Change

This change is being made to standardize the 5.4 mm cover tape.

Change Impact on Form, Fit, Function, or Reliability

This has no impact on the form, fit, function, or reliability of the series LEDs listed above. We will begin shipping the affected product with the change no sooner than January 16, 2020. No customer action is required. This product change affects neither the order codes nor the bin codes.
