

Improvement of Ammo Packaging for Cree® P2 Oval LEDs

PCN-CM054

Announcement Date: August 25, 2014

Implementation Date: Immediately

This notification applies to the following Cree order codes:

x4SMx-xxx-xxxxxxxx

x5SMx-xxx-xxxxxxxx

x566x-xxx-xxxxxxxx

No customer action is required.

CHANGE DESCRIPTION

Cree will make two improvements to the ammo packaging for P2 oval LEDs, with example pictures shown below:

1. Adding two bags of desiccant (10g each) to the inner carton.
2. Placing the inner carton in a plastic (PE) bag.

IMPACT OF CHANGE

Effective immediately, Cree will begin shipping P2 oval LEDs with the improved ammo packaging. However, some of Cree's inventory remains without the improvements, so shipments may be mixed and contain current or new ammo packaging, or both.

No customer action is required.
