

## PRODUCT ANNOUNCEMENT

### Change of case marking on the G2R-1 Series of relays

**Date of Implementation: 1<sup>st</sup> of October 2006**

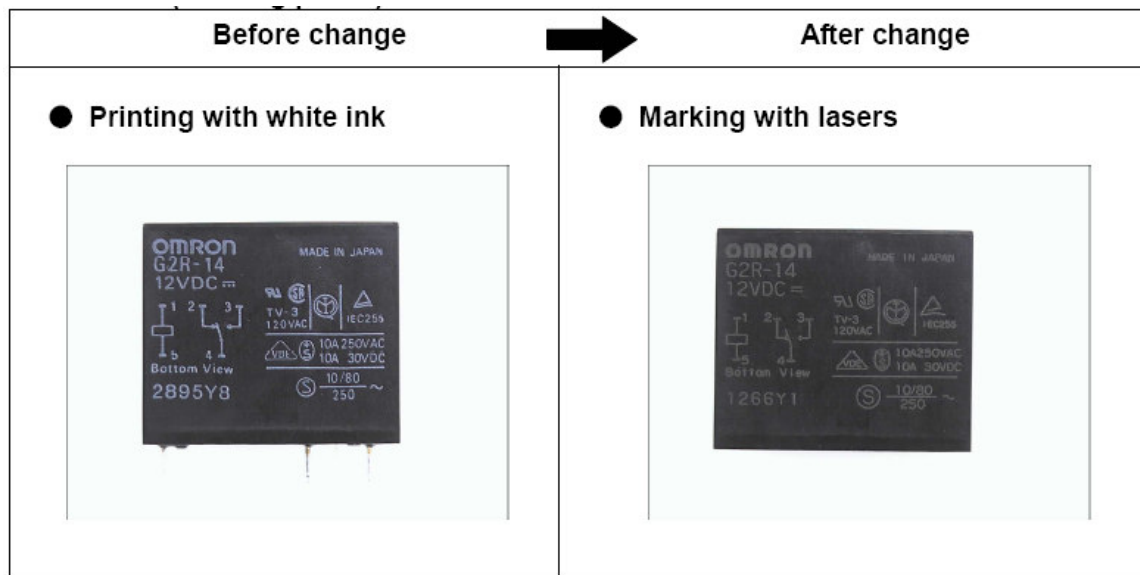

**Product range: G2R-1 Series**

→ As of the 1<sup>st</sup> of October 2006 all G2R-1 pcb mount part codes will be produced with changes to the case markings as shown below: -

(NB These changes do not effect the plug-in or tab terminal variants)

These changes have been made to improve the visibility of the case markings.

#### **Black case markings**

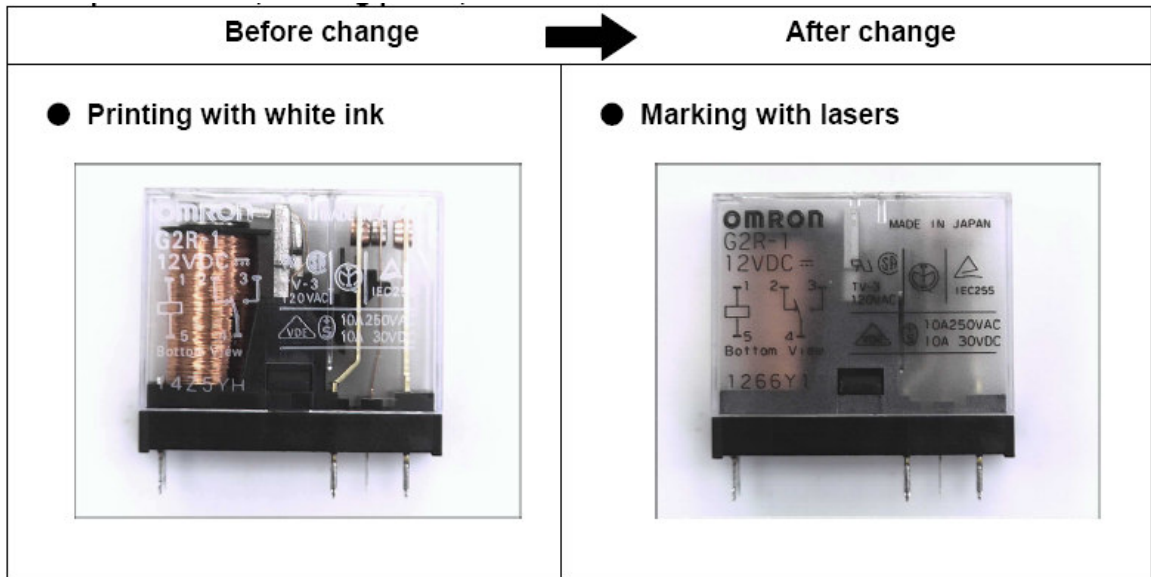

Created on 07/08/2006

Omron Electronic Components B.V. reserves the right to make any changes to the specifications, technical information and data of the components described in this publication at its sole discretion without prior notice.

Although we do strive for perfection, Omron Electronic Components B.V. does not warrant or make any representations regarding the correctness or accuracy of the specifications, technical information and data of the components as described in the publication.

## Clear case markings

NB All other sides of the case will not be affected by this change. I.e. all sides are still transparent except for the side with the markings.
