

## Product / Process Change Notification (PCN) Honeywell Sensing and IOT (SIOT)

MX07 site PCN #	0069		Notification Da	6/24/2020				
Change Title:	SDX Sensor laser trimming CLS-960S							
<b>Honeywell Contact</b>								
Name:	Miguel Saenz	7	Title:	Quality Engi	neer			
Business Phone:	+52 656 6497	7500	Fax #	NA	,			
E-mail:	Angel.Saenz@	Honeywell.com	Date initiated:	6/19/2020				
<b>Product Identificati</b>	on							
Affected Part #(s)	All SDX listing	gs						
Revision # (s)	NA							
Does this change re	sult in product	number	YES		NO			
change?			TLS		INO			
Reason for Change:	(check all that	apply)						
Material	•		Processing / Ma	anufacturing				
Design / Firmware /	Software		Datasheet					
Logistics			Functional					
Appearance			Dimensional					
Quality / Reliability			Other: Increase	capacity		$\boxtimes$		
Change Description	(include detaile	ed process steps o	ıs applicable)					
Documentation atta	•		YES		NO			
Second laser trimming equipment is in validation process to duplicate such operation in Juarez to increase SDX sensor output.								
Justification for cha	Justification for change							
Documentation atta	nched:		YES		NO			
Base on current demand this operation has been identified as a bottle neck and with this additional equipment we will increase assembly line output								
Quantifiable impac	t on Quality & I	Reliability (Include	e FMEA / reliabili	ty data as app	licable)			
Documentation attached: YES  NO  NO								
Equipment validation has been defined and is in progress to be completed, estimated completion date is June 26, 2020								
Identification method to distinguish change								
Product is going to be identified in base on date code of start to use the new equipment.
