| <input type="checkbox"/> Change of production process/logistical changes |   |

<b>Description of change:</b>	<b>Update of Product Discontinuation</b> Based on the overwhelming customer feedback Cinterion Wireless Modules GmbH has decided to buffer the remaining demand of the phased out key components in order to support the continuously strong demand for highly integrated GSM/GPS combi modules. This means a further improved phase out plan. The end-of-life (EOL) notice involves all products listed under the above ordering code belonging to the combi module. In case of further questions please contact your local Cinterion representative.
<b>Scheduled date of introduction (cw/year):</b>	"Last time buy"      End of 2010 "Last shipment"      End of 2011
<b>Timing note:</b>	If no written notification to the contrary is received from the customer before 31st Dec 2009, this PCN is considered approved.

<b>Quality assurance measurements:</b>	This update will replace previous EOL notifications.
