Part Series Affected: ARCOL AP821 Resistor Series

Effective Date: March 1, 2022

Date Last Time Buy: March 1, 2022

Date of Last Time Shipment: September 30, 2022

Recommended Replacement: Ohmite TAH20 Series

Ohmite/Arcol announce the discontinuance of the AP821 Series power resistor due to low usage and product redundancy. The Ohmite brand TAH20 Series is the most suitable substitute within our combined product lines.

Example of product replacement: AP821 10R J would convert to TAH20P10R0JE.

A list of popular crosses is listed on the next page for convenience. Not all TAH20 part crosses are standard values and may be subject to lead times.

Information, data and drawings embodied in this correspondence are strictly confidential and are supplied on the understanding that they will be held confidentially and not disclosed to third parties without the prior written consent of Ohmite Manufacturing Company, Inc.
