### Product Discontinuation Notice

Dear Thorsten,

Cambion has been manufacturing and supplying Battery holders for AA, C, D batteries since the beginning of the 1970s and PP3 batteries from the start of 1980. However, more recently volumes have decreased markedly to the point where necessary tool repair costs can no longer be economically justified. Additionally, the ability to maintain old technology multi-slide machines is becoming more difficult with a lack of suppliers supporting spares.

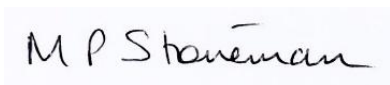

The culmination of the above unfortunately means Cambion Electronics Limited hereby give notification that the Battery Holder Range will be discontinued. This stated Cambion will accept last time buy orders at the prevailing MOQ or higher volumes up to 31<sup>st</sup> October 2025, for deliveries no later than 23<sup>rd</sup> December 2025, at which time any residual finished or component stock will be disposed.

Part Number Effected	MOQ	Multi	Description
400-1800-01-00-20	250	10	Size 'PP3' 9-Volt Battery Holder
400-1803-01-00-20	250	10	Size 'PP3' 9-Volt Battery Holder – PCB Mount
400-2800-01-00-20	250	10	Size 'C' Battery Holder
400-2801-01-00-20	250	10	Size 'D' Battery Holder
400-2802-01-00-20	250	10	Size 'AA' Battery Holder
400-2803-01-00-20	250	10	Size 'AA' Battery Holder – PCB Mount

In issuing this discontinuation notice you have my assurance that every reasonable consideration was reviewed before coming to the final decision.

Should you require any clarification or wish to discuss any of the contents herein do not hesitate to contact the undersigned.

Yours Sincerely,

Martin P. Stoneman

Managing Director
