

14 August 2020

Dear Customer

We have been informed by our supplier CTC that due to decreasing global demand for through hole Tantalum capacitors, it is no longer commercially viable to continue producing them. CTC have advised they will discontinue production of through hole Tantalums with immediate effect.

See next page for full list of part numbers affected.

Anglia have stocks on the discontinued ranges which will be available on a first come first served basis, we would recommend that you contact our sales desk ASAP to secure any remaining stocks.

There is no alternative offered from CTC therefore we are recommending customers move to another manufacturer. Please contact our sales desk with your requirements.

Please make the relevant person(s) in your purchasing and engineering departments aware of this discontinuation to avoid any disruption to your manufacturing.

Yours Sincerely

Anglia
