

09 January 2015

Dear Customer

We have been informed by the supplier CTC that production of the following select Tantalum parts has now ended due to low sales in these values and voltages making production uneconomical.

CTC Part Number	Description
058009A	TANT 4.7UF 10V 5MM
058061A	TANT 6.8UF 6.3V 5MM

Unfortunately there is no direct alternatives from CTC however similar electrically equivalent alternatives are available, please contact our office for further information.

Any remaining free stock of these devices will be available on a first come first served basis until the stocks have been exhausted, please contact our sales desk with your requirement ASAP.

Please make the relevant person(s) in your purchasing and engineering departments aware of this change to prevent disruption to your production schedule.

Yours Sincerely

Anglia
