Toshiba Corporation  
Semiconductor & Storage Company  
Toshiba Electronics Europe GmbH

Request on End of Life Products due to Reorganization of Discrete Business

Toshiba Group is reorganizing its semiconductor production facilities in Japan and shifting production to larger diameter wafer lines. These measures will reinforce the business operating structure and the profitability of the discrete analog and imaging IC businesses.

In adapting to today's severe business climate, it is essential for the Discrete Business to reorganize its facilities. We will concentrate the current six production facilities in Japan into three: Himeji Operations-Semiconductor, Kaga Toshiba Electronics Corporation and Buzen Toshiba Electronics Corporation. In parallel with this, production will be phased out at three facilities during the first half fiscal year of 2012: Kitakyushu Operations, Hamaoka Toshiba Electronics Corporation and Toshiba Components Co., Ltd.

We apologize for the short notice, but we ask for your cooperation in respect of the issues below, in order to assure effective procurement of parts and the reorganization of facilities within the period that we wind down production in Japan.

**1. "Discontinue" items**

Please refer to the attached item list.

Products: Optical Semiconductor

Request: Please follow the discontinuation schedule below.

Global Product Name	Product Category	Item Status	Front End Facility	Policy	Memo
S4G73XE(K59KOIT2,F	LAMP	ACTIVE	Kitakyushu	EOL	due to discrete reorganization
