March 29, 2023

PCN EIC-1121 End of Life CPC1966BX8, CPC1966YX8, PAA127 and XAA117

Detailed Description of Change

As part of the Littelfuse IXYS Integrated Circuits Division's (ICD) product lifecycle-management process, the following products have been transitioned to an "end-of-life" (EOL) status:

CPC1966BX8	CPC1966YX8
PAA127	XAA117
PAA127S	XAA117S
PAA127STR	XAA117STR
PAA127P	XAA117P
PAA127PTR	XAA117PTR

In order to satisfy any continuing requirements for these parts, Littelfuse IXYS Integrated Circuits Division is offering a non-cancelable last time buy (LTB). Orders for LTB quantities must be received by **April 30, 2023**, and all LTB products must have shipment request dates by **April 30, 2023**.

Acceptance of last time buy orders is subject to stock availability of finished products. Once placed, LTB orders cannot be cancelled, rescheduled, or returned. Orders might be rejected should the demand exceed stock availability at the time of the order entry.

While we will endeavor to complete all last time buy requests, severe supply chain constraints may mean we do not manage to ship all requested quantities.

The PCN number assigned to this action is **PCN EIC-1121** and must be referenced in any correspondence related to the change.

If you have any other questions or concerns, please contact your local Littelfuse sales representative or Product Manager below for further assistance.
