

21 November 2011

Dear Customer

We have been advised by Lumberg that it is their intention to discontinue the parts listed on the separate PDF document from their range.

The reason for this notice is due to the lack of demand as the order quantities for these are not high enough to continue to make the production of these viable.

There is a Last Time Buy opportunity to place new orders for these parts up until the end of December 2011.

There are no direct alternatives available for these parts from Lumberg.

Please make the relevant person(s) in your purchasing and engineering departments aware of this change to prevent disruption to your production schedule.

Yours Sincerely

Anglia
