EOL Request:

Up to now we have made our best efforts to understand our customers' needs, conduct development and production, and broaden our product line-up. However, it has become difficult to continue production of the special materials for the above part numbers because the supplier has decided to withdraw from production and alternative materials are not available.

Therefore, it is with much regret that we	must discontinue	manufacture	of these	products
as of September 2023.				

Points to Confirm:

- 1. Items: MS614、ML421S, ML614S, ML621S, ML920S, ML1220, ML1220T, VL621
- 2. Last shipment: At the end of September 2023
- 3. Last PO: By the end of June 2023 (Forecast: The end of January 2023)
