

Product discontinuation notification (PDN)

Title / short description	HC A series discontinuation
Affected article category	Connectors
Change category	Discontinuation
Change number	IBF210003-01
Reason for PCN/PDN Revision	

Purpose/objective of the change

We always strive to provide you with state-of-the-art products for your application. To this end, for commercial or technical reasons, it is necessary to regularly check the product range and adjust the product lifecycle accordingly. For this reason, we are discontinuing some inserts for our HEAVYCON connectors.

Detailed description of the change

There are currently two item versions identical in design available, one of polyamide (PA) and the other of polycarbonate (PC). Because polycarbonate has advantages for a large proportion of the areas of application, we consider switching to the polycarbonate version in the future as an advantage for our customers.
