Dear Angela

**Re: Murata PCN Ref No PNIDB285
Discontinuation of PVA3 and PVS3
(non sealed 3mm cermet chip potentiometer)**

I have been informed by our factory that Murata Japan will discontinue PVA3 and PVS3 series by March 2007 due to decrease business of these products.

Effected Items
PVA3/PVS3

Replacement
PVZ3, PVZ2 and PVA2

I would be most grateful if you would approve this letter by December 2006.

To comply with Murata Electronics (UK) Ltd's BS9001:2000 and TS16949 accreditation we have to ensure that we have proof of notifying affected customers of such information and I would be grateful if you could sign and return this letter so that we have such proof on our records.

If there are any problems with regard to signing this letter please give me a call on our main office number detailed below.

Best regards

Aya Tonooka
Marketing Manager
