

20 February 2007

Dear Customer

We have been informed by Hirose that the following part numbers will be discontinued from September 2007 due to low world wide demand and the future viability of the tooling needed to produce these parts.

Hirose have advised there are no alternatives to the parts being discontinued however there is an opportunity to place a last time buy with the factory for these items.

**Anglia Part Number**

DF11-24DP-2V(57)  
DF12B3.540DP05V86  
DF12D3.020DP05V80
