

10<sup>th</sup> December 2010

Dear Customer

We have been advised by the manufacturer of the devices listed below they are being discontinued with immediate effect; this is due to the production mold tool being beyond its serviceable life. Unfortunately due to extremely low demand for this product it is not commercially viable for the manufacture to invest in a new mold tool to continue production.

The affected parts are listed below.

622009

622010

622011

622013

There are no direct alternatives available from Anglia for these devices at the present time.

We have very limited stocks of these devices available on a first come first served basis until the stocks have been exhausted, please contact our sales desk with your requirement.

Please make the relevant person(s) in your purchasing and engineering departments aware of this change to prevent disruption to your production schedule.

Yours Sincerely

Anglia
