Product Notice	Digi has released a new XBee 3 Global and Low-Power LTE-M/NB-IoT Smart Modem as a replacement. This new part is a drop-in replacement which should not require any software work (if using API or transparent mode) or hardware re-design to support LTE-M/NB-IoT applications. It is available in the same form factor as the previous LTE-M/NB-IoT Smart Modem and has better band and technology support for global applications. If you have questions about this notice please contact your sales representative or the Digi Technical Support Department via email at tech.support@digicom.
