Reason of Change:

☐ Technical requirement   ☐ Change of production process/logistical changes

☐ Customer requirement   ☐ Location of production moved

☐ Quality improvement   ⊠ Other: new firmware introduction

Description of change:	We, Telit Cinterion, would like to inform you about the availability of new ordering codes with a new firmware release 02.100 for ELS62-W/-E/-I.
	The new ordering codes listed in the table above comply with the new requirements of EU RED Delegated Act on Cybersecurity (Commission Delegated Regulation (EU) 2022/30), commonly known as "RED Cybersecurity requirements".
	Release notes are available on Telit Cinterion website or via the Technical Support team.
	Ordering codes with firmware 02.000 or previous versions are going End-of-Life (EoL) with the schedule detailed below.
Schedule details:	**Build to Order (BTO): Date of present notification**
	From this date, the product will be available upon firm order (not cancellable and not re-schedulable).
	Open backlog will become not cancellable and not re-schedulable one month after this date.

	Last Time Buy (LTB): December 31st, 2025 Orders can be submitted until this date. **Last Shipment Date (LSD): June 30th, 2026** Date that can be requested for scheduled orders, which were placed before LTB. **End of Technical Support: December 31st, 2026** Technical support for this variant will end on this date.

Quality assurance measurements:	The new version fulfils all internal test requirements according to our Quality Management process and philosophy.

If you have any further question about the present communication, please contact Telit Technical Support or your Regional Sales Representative.
